OBJECTIVE

Motivated and detail-oriented Front-End Developer with expertise in React.js and practical experience in building responsive and user-friendly web applications. Passionate about leveraging my skills in JavaScript, React, and related technologies to contribute to innovative projects and deliver high-quality solutions. Eager to grow within a dynamic development team while continuously enhancing my technical expertise and problem-solving abilities.

PROFESSIONAL EXPERIENCE

Frontend Developer (React) — Freelance / Personal Projects

May 2025 – Present

- Developed multiple React-based web applications with a focus on user experience and responsive design.
- Implemented state management using React Context and Hooks.
- Integrated external APIs to fetch and display dynamic content.
- Applied best practices in code splitting and lazy loading to optimize performance.

EDUCATION

Bachelor's degree in computer science and Technology:
Modern Academy for Computer Science And Technology

2019 – 2023
Cairo, Egypt

PROJECTS

1. E-commerce Website

[\(https://mohamedsamirmohamed.github.io/Ecommerce/\)](https://mohamedsamirmohamed.github.io/Ecommerce/)

2. E-commerce Website 2

[\(https://mohamedsamirmohamed.github.io/Ecommerce2/\)](https://mohamedsamirmohamed.github.io/Ecommerce2/)

- Developed a full-featured online store using React.js.
- Implemented product listings, detailed product pages, and shopping cart functionality.
- Integrated secure login and registration system using JWT.
- Used React Router for seamless navigation between pages.
- Consumed APIs to fetch and dynamically update product data.
- Ensured responsive design for an optimal user experience across various devices.

3-Movies Website

[\(https://mohamedsamirmohamed.github.io/MoonFlix/\)](https://mohamedsamirmohamed.github.io/MoonFlix/)

- Developed a responsive movie streaming platform using React.js.
- Implemented features like movie browsing, detailed movie pages, and search functionality.
- Integrated external APIs to fetch movie data dynamically.
- Ensured cross-device compatibility with responsive design.
